

The Parallel Curriculum: Planning Template

The Core or Basic Curriculum	The Curriculum of Connections	The Curriculum of Practice	The Curriculum of Identity
<p>The Core Curriculum is the foundational curriculum that establishes a rich framework of knowledge, understanding, and skills most relevant to the discipline. It is the starting point for all the parallels in this model.</p>	<p>This curriculum is derived from and extends the Core Curriculum. It is designed to help students encounter and interact with the key concepts, principles, and skills in a variety of settings, times, and circumstances.</p>	<p>This curriculum is derived from and extends the Core Curriculum. It exists for the purpose of promoting students' understanding of practitioners of the discipline.</p>	<p>This curriculum is derived from and extends the Core Curriculum. It uses curriculum as a catalyst for self-definition and self-understanding.</p>
